

**Jessica Gomez, founder and CEO, Rogue Valley Microdevices**

As founder and CEO of Rogue Valley Microdevices, Jessica Gomez has created a world-class precision MEMS foundry in the heart of Southern Oregon. Integral to her role as CEO, Ms. Gomez practices a business philosophy of offering best-in-class process technology and R&D expertise to customers, to help them achieve the highest quality and reliability in their products.

Prior to founding Rogue Valley Microdevices in 2003, Ms. Gomez honed her experience in semiconductor processing and production management through positions at Standard Microsystems Corporation, Integrated Micromachines, and Xponent Photonics.

Ms. Gomez plays an active leadership role within and beyond the technology industry. She is a board member of the prestigious SEMI Board of Industry Leaders, and she is the first executive selected for Spotlight on SEMI Women, which honors accomplished women in the global microelectronics industry.

Ms. Gomez is also engaged in STEM and workforce development within the state of Oregon. She is chairman of the Oregon Institute of Technology Board of Trustees, is a board member of Oregon Business Development Commission, is a board member of Center for Women's Leadership, is a board member of the STEM Investment Council, and is vice chair of the State Workforce Investment Board.
